ATTEND TO YOUR COLDS —A case of five years anding cured by DR. KEYSER'S PROTORAL SYRUP. Privatenten, Jan. 11, 1900.

Dn. Kuvzm:—My wife has been afflicted with a bad cough and difficulty of breathing, for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and ahe had been treated by several physicians without any relief. In this state of her case, I procured some of your Pentoral Cough Syrup. I bought, the first time, a fifty cent bottle, which relieved her vary much; I then cailed and got a dollar bottle, which cared her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

Alderman Fith Ward.

DR. EXYSER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribs ble to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a secrece cold.

ware cold.

I have been, more or less, in my life, affected with the severest of colds and hearseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Byrup itwould relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to care the above, nor about any family be without this remedy for diseases so prevalent.

Yours, most respectfully,

RDWARD J. JONES,

Cashier Citizens' Deposit Bank.

I have used Dr. Reyser's Cough Sprup for a bad coug of several years standing, and can cheerfully say it ; the best medicine for the same that I have ever taken. J. W. PRICE.

COL. PRATT AND DR KEYSER'S PROTORAL SYRUP.—Dr. Kerser—Dear Sir. Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup aconer. I take great pleasure in saying that it is all you say it is. Binocked the noise out of my cough and the worst one I was ever afflucted with: I have not used more than one-half of the notice, and I can and do wish that all who are afflicted would givet tas fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at aby cost. I am confident for any consideration, or at aby cost. I am confident for any consideration, or at aby cost. READ THE TRUTH.—Da. Krver: I have a daughter who has taken several medicines for a bad cough without benefit—among them Ayer's Cherry Rectoral—I purchased from you a bettle of pour PECTOAAL SYBUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

JOHN DAMIN,

A GREAT CURE BY DR. KEYSER'S PROTORAL

PATTON Tr., April 14, 1857.

A WONDERFUL CURE.—Some time ago, an old neighbor of mane was very ill with a tad cough which every one supposed to be consumption. His relatives told me that he had taken every remady they heard of without benefit; his neither came to see him die, and all were suchremed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup. had about the third of a bottle of your Posteral Syrup, which I gave him, and it entirely cured him, to the attendament of all. What makes the case more remarkable, is the extreme age of the man, he being shouted hity years odd. I have no doubt the Posteral saved his life.

J. S. WATTERSON & BONS.

January 20, 1846.

Inhericanly for one whole week, in hopes of thring it out, it was no go. In fact it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the siege, we complete our way to Keyser's, 140 Wood St.—procared a fifty cent bottle of the "Pectoral;" took it according to directions, and in forty-eight hours we were master of the field, the enemy having nuconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Reyser's famous "Cough Pectoral."—Drounseille Chipper, Dec. 14, 1859.
